Schematic Convergence of GIZA++ Alignment Probabilities
p(casa | etxe) -- dominant translation
p(domicilio | etxe) -- rare synonym
p(edificio | etxe) -- rare synonym
p(coche | etxe) -- incidental noise
remaining vocabulary (combined)
consistent co-occurrence across the corpus
→ probability keeps rising
genuine but rarer synonyms stabilize
at a real, non-zero plateau
pure incidental noise
fades toward zero
Estimated probability p(y | etxe)
